

DSD 2017

20th Euromicro Conference on Digital System Design Vienna, Austria, Aug. 30th - Sept. 1st, 2017

Special Session on European Projects in Digital Systems Design (EPDSD)

DSD STEERING COMMITTEE

Lech Jozwiak (TU Eindhoven, NL) -
Chairman

Krzysztof Kuchcinski (U Lund, SE)

António Nuñez (IUMA/ULPGC, ES)

Francesco Loporati (U Pavia, IT)

Eugenio Villar (TEISA U Cantabria, ES)

José Silva Matos (U Porto, PT)

PROGRAM CHAIRS

Hana Kubatova (CTU Prague, CZ) - Chair

Martin Novotny (CTU Prague, CZ) - Co-
chair

GENERAL CHAIR

Erwin Schoitsch (AIT Vienna, AT)

PUBLICATION CHAIR

Amund Skavhaug (Norwegian UST, NO)

PUBLICITY CHAIR

P. Kitsos (TEI of Western Greece, GR)

SPECIAL SESSION CHAIRS

Lech Jozwiak (TU Eindhoven, NL)

Francesco Loporati (U Pavia, IT)

SPECIAL SESSION SCOPE

On behalf of the DSD Steering and Program Committees we would like to invite you to the DSD'2017 Special Session on "European Projects in Digital System Design". The aim of the Special Session is to bring together the researchers of major just started, ongoing or recently finished European Projects of H2020, ECSEL, FP7, Artemis, Eniac, Medea+, etc. in the (Embedded) Digital System Design Area to widely disseminate the awareness and information on the projects, as well as, to create a forum for exchange of ideas, advanced discussion and cross-project collaboration.

We are inviting you to deliver in the scope of the Special Session your invited talk giving an overview of your European project, i.e. discussing the aims, problems to be addressed and issues to be solved, proposed approaches and/or results achieved till now. In parallel to your invited presentation, you are asked to submit an invited paper or extended abstract related to your invited talk that will be printed in the DSD'2017 Proceedings (printed by IEEE Press).

Only the overview papers from new projects (i.e. not yet presented at DSD) are accepted by invitation, while all other papers from EPDSD (either overview papers or papers on specific subjects the project addresses) will undergo a regular review and acceptance procedure.

Since EUROMICRO is a non-profit organization covering the conference costs from the Conference Fee, you will be asked to pay a regular Conference Fee.

Additionally, we are encouraging the European Project Coordinators to submit other papers from their research groups to the regular DSD program according to the DSD'2017 Call for Papers.

The Conference has been indexed by Thomson Reuters Conference Proceedings Citation Index (ISI) in the last years and its proceedings will be submitted also for this edition.

A number of selected papers from DSD'2017 related to the European Projects will be considered for publication in a Special Issue on "European Projects in Digital System Design" of the Microprocessors and Microsystems (MICPRO) Journal by Elsevier Science.

Please inform us on your acceptance of our invitation by sending e-mail to the DSD'2017 Program Chairs, Prof. Francesco Loporati (francesco.leporati@unipv.it) and prof. Lech Jozwiak (L.Jozwiak@tue.nl) as soon as possible.

SUBMISSION GUIDELINES

Authors are encouraged to submit their manuscripts to <https://easychair.org/conferences/?conf=dsd2017>. Should an unexpected web access problem be encountered, please contact the Program Chair by email (dsd2017@easychair.org).

Each manuscript should include the complete paper text, all illustrations, and references. The manuscript should conform to the IEEE format: single-spaced, double column, US letter page size, 10-point size Times Roman font, up to 8 pages. In order to conduct a blind review, no indication of the authors' names should appear in the manuscript, references included.

IMPORTANT DATES

Deadline for paper submission: April 15th

Notification of acceptance: June 10th

Camera ready papers: July 1st
